

ABISHEK SATHIYAN

MERN FULLSTACK DEVELOPER

Ras Al-Khaimah | 0522904847 | abishek.sathiyam.2002@gmail.com | Portfolio | Whatsapp | LinkedIn | GitHub

SUMMARY

Results-driven MERN Stack Full Stack Developer with hands-on experience building scalable, production-ready web applications using MongoDB, Express.js, React.js, and Node.js. Proficient in RESTful API development, JWT and OAuth authentication, and AI integration using OpenAI and Claude APIs. Experienced in building responsive, component-based UIs with React.js and Tailwind CSS. Strong background in database design, backend architecture, and cloud deployment on Vercel and Render. Passionate about developing intelligent, user-centric applications with modern AI capabilities.

WORK EXPERIENCE

AI Launch Kit | React.js, Tailwind CSS, FastAPI, AI APIs, Python

June 2026

- Developed features for the AI Launch Kit, a complimentary platform for Innovation City license holders to quickly build and publish professional websites.
- Built responsive UI components and integrated backend APIs using React.js, Node.js, Express.js, and MongoDB.
- Implemented AI-assisted workflows to simplify website creation, content generation, and publishing.
- Improved user experience by developing clean, responsive interfaces and ensuring reliable performance across devices.

FounderAI – AI-Powered Free Zone Recommendation Platform | Tailwind CSS, February 2026

OpenAI API, FullStack – Innovation City, Government of Ras Al Khaima, UAE

- Built an AI-powered free zone recommendation platform integrating OpenAI API to generate intelligent, context-aware business insights based on user requirements
- Developed scalable RESTful APIs using Node.js and Express.js with middleware for authentication, validation, and error handling
- Designed a dynamic React.js and Tailwind CSS dashboard with responsive layouts, form handling, and real-time data rendering
- Managed MongoDB database with Mongoose ODM for efficient schema design, data storage, and optimized query performance

E-Commerce Platform | MERN Stack, Tailwind CSS, Firebase, Razorpay

October, 2025

- Built a full-stack e-commerce platform using MERN Stack with Firebase authentication, role-based access control for Admin and User roles
- Designed a responsive React.js and Tailwind CSS UI with optimized state management using Context API for seamless shopping experience
- Developed scalable RESTful APIs using Node.js and Express.js for product management, user accounts, cart operations, and order processing
- Integrated Razorpay payment gateway and implemented advanced features: search, filter, sort, category browsing, and admin analytics dashboard using MongoDB aggregation pipelines

Technical Skills

Languages: JavaScript (ES6+), Python, C++
Frontend: React.js, HTML5, CSS3, Tailwind CSS, Context API
Backend: Node.js, Express.js, REST API Design, Middleware
Database: MongoDB, Mongoose ODM
Authentication: JWT, Firebase Auth, OAuth 2.0
AI Integration: OpenAI API, Claude API, Puter.js, Prompt Engineering
Tools: Git, GitHub, Postman, VS Code, Vercel, Render, Firebase
Concepts: MERN Stack, CRUD Operations, RBAC, Responsive Design, MVC Architecture, AI Tools

Certifications

- Intro to AI and Agents – Microsoft
- Claude Code in Action – Anthropic
- MERN Stack Developer Certification – EMC
- AI For All – Intel & Digital India
- Namaste JS Certification – Namaste JS
- Python Full Stack Development – Gurutech

Education

Master of Computer Applications (MCA)
Karpagam Academy of Higher Education 2023 - 2025
